This map has been photogrammetrically compiled from 152,861 mm C.F.L. aerial photos with a photo scale of 1" = 600' to meet National Map Accuracy Standards. Surveying at a scale of 1:10,000 does not guarantee accuracy at any larger scale without any implied or stated accuracy standards. This map has not been comprehensively verified by field checks. Note: Field verification of map accuracy should occur prior to design level tasks that are dependent upon these areas. Obscured areas are indicated by dashed contour lines; accuracy within these areas may vary in accordance with NMAS standards.
